

SEMINAR ON "PHARMACOVIGILANCE PRACTICE : CHALLENGES & FUTURE CONSIDERATIONS"

Under the Aegis of
National Coordination Center-
Pharmacovigilance Programme of India
Indian Pharmacopoeia Commission
MoH & FW, Govt. of India

CME Credits : Two hours by M.P. Medical Council

Venue :

**Ruxmaniben Deepchand Gardi Medical College
Surasa, Agar Road, Ujjain (M.P.) 456 006**

Date : 6th October 2018, Saturday

THE NEED

Medicines & therapeutics have reduced the disease burden considerably. Though they are life saving & improve the quality of life of the diseased, still they may cause some undesirable effects also defined as adverse effects or Adverse Drug Reactions (ADRs). The first step towards preventing ADRs is to identify them, treat them and report them so that appropriate risk evaluation and mitigation strategies might be planned. This very scientific activity encompasses the essence of Pharmacovigilance. This is also prerogative of Pharmacovigilance Programme of India, being in existence in our country since 2010.

In India Pharmacovigilance has developed significantly in recent times and will continue to develop in response to the new challenges it faces. The major challenges of Pharmacovigilance program in India is under-reporting and lack of awareness. The outcome of current knowledge, attitude and practice studies on adverse drug reactions and Pharmacovigilance among medical and paramedical fraternity is inadequate. The risk minimization measures for medicinal products are necessary to address the important safety issues which may not be practically achieved through routine risk management measures alone.

With the easy access to variety of medicinal products and increasing public expectations of safety, there is a great need for careful strategic planning, adopting a holistic approach to meet the challenges in routine Pharmacovigilance practices. We need continuing and dynamic progress in every aspect of of pharmacovigilance to improve public health and safety. There is a need to develop a robust Pharmacovigilance system in the health setups to fulfill the objectives of benefit and risk evaluation of medicinal products and to develop the effective risk minimization plans.

OBJECTIVES

The major aim of this seminar is to discuss the challenges being faced in current Pharmacovigilance practices in the healthcare organizations, to highlight the gap in the training of medical fraternity and discuss the ways forward to develop a robust Pharmacovigilance system. It is also designed to invite regulators and health care practitioners from govt. and private health care facilities to discuss the challenges through regulatory perspective and to come up with practical solutions to implement good Pharmacovigilance practices in urban and rural hospitals and healthcare centers.

PROGRAM SCHEDULE

SATURDAY

06/10/2018

08:00 AM - 09:00 AM	Registrations	02:00 PM - 03:00 PM	Good Pharmacovigilance Practices : An NABH Hospital Experience
09:00 AM - 09:30 AM	Inaugration	Speaker :	Dr. S.P. Jaiswal, Quality Manager Consultant - Immunology, Head- Clinical Research, Choithram Hospital & Research Center, Indore
09:30 AM - 10:30 AM	Pharmacovigilance, Haemovigilance & Materiovigilance Programme of India : Introduction and Scope	03:00 PM - 03:30 PM	Challenges in ADR Reporting : Through the Perspective of Physicians.
Speaker :	Representative from IPC Ghaziabad	Speaker :	Dr. B.L. Bamoria Asso.Professor, Dept. of Medicine R.D. Gardi Medical College, Ujjain
10:30 AM - 11:00 AM	High Tea	03:30 PM - 04:00 PM	Antimicrobial Resistance : A Global Challenge
11:00 AM - 12:00 Noon	Pharmavcovigilance : Objectives Way Ahead & Challenges	Speaker :	Dr. Megha Sharma Asso. Prof. Dept. of Pharmacology R.D. Gardi Medical College, Ujjain
Speaker :	Dr. S. P. Dhaneria, Dean (Academic) HOD. Dept. of Pharmacology. AIIMS Raipur	04:00 PM - 04:15 PM	Tea Break
12:00 Noon - 01:00 PM	Pharmacovigilance in Drug Regulations	04:15 PM - 05:00 PM	AEFI Surveillance
Speaker :	Shree Shobhit, Deputy Drug Controller Govt. of M.P. Bhopal	Speaker :	Dr. Ashish Pathak, Professor Dept. of Pediatrics, R.D. Gardi Medical College, Ujjain
01:00 PM - 02:00 PM	Lunch	05:00 PM - 05:30 PM	Discussions & Vote of Thanks

REGISTRATION

Registration is compulsory for all the participants.

Registration is either through attached registration form or google forms

(URL : <https://goo.gl/forms/3noDGG2LvGDdSTvL2>)

Last date to submit the form is 2nd Oct. 2018, with late fees 5th Oct. 2018.

Kindly note that the number of participants is restricted to 200 only.

Registration Fee* Rs. 300/-, Late Fee : 500/-

(*Excmpted for Faculties & PG Students of R. D. Gardi Medical College

Only if registered before 2nd Oct. 2018.)

GUEST OF HONOUR

Shree Shobhit

Deputy Drug Controller
Govt. of M.P. Bhopal

ORGANIZING COMMITTEE

PATRON

Dr. V.K. Mahadik

Medical Director
R.D. Gardi Medical College, Ujjain

CHAIRMAN

Dr. M.K. Rathore

Dean
R.D. Gardi Medical College, Ujjain

SECRETARY

Dr. S.M. Parhate

HOD & Coordinator,
PvPI-ADR Monitoring Center
Dept. of Pharmacology
R.D. Gardi Medical College, Ujjain

TREASURER

Mr. Sunil Thakur

PsPvA, PvPI-ADR Monitoring Center
Dept. of Pharmacology
R.D. Gardi Medical College, Ujjain

MEMBERS

Dr. S.K. Sharma
Dr. B.L. Bamboriya
Dr. Arti Julka
Dr. Ashish Pathak
Dr. Megha Sharma
Dr. Sanjay Chourasia
Dr. Sandeep K. Adwal
Dr. Ruchi Baghel
